STAT

Dear Colonel [REDACTED]

STAT

Thanks for your letter of 6 December, with the information that you'll be here in Washington Thursday and Friday, 17-18 January. We would be glad to see you then, and I'll be in touch with you next week about arrangements.

I should mention that last week I asked the personnel office here to send you the packet of application forms. Although the clearance process here is not based on previous clearances, the fact that you've recently filled in similar forms should speed your work on our set.

The clearance process here is also lengthy--around six months--so you need not be concerned that if selected you would be asked to report here before the end of your current academic year in May, or without time for the required notice to the Army.

With all good wishes for the New Year,

Yours sincerely,

/s/ J. Kenneth McDonald
